Operations and Transportation Department

19 Gartley Street Lisbon, ME 04250
Phone: 207-353-6711 x1014 Fax: 207-353-3032

September 1, 2015

The Lisbon School Department is partnering with UniteGPS to provide the community access to real time bus location information. UniteGPS is a real time GPS computing system that is available on any internet enabled device including smart phones, tablets, and personal computers. Small advertisements at the bottom of map pages cover the cost of devices, data, software and mobile applications.

If you would like to have access to this service please provide the following information to Kelly Byras at kbyras.lisbonschoolsme@gmail.com

- Student Name
- Street Address
- Parent Name
- Parent Email Address

If you experience a problem with the app please open the web browser on your device and type in crosswalk.unitegps.com, from here you will be able to login and access the service.

Please note that this service does not change the bus pick up and drop off guidelines for the Lisbon School Department. Please be outside waiting for the bus 5-10 minutes before your scheduled pick up time.

If you have any questions please contact the office at 353-6711 x1014

Allen Ouellette
Director of Operations and Transportation
